---

### **Objective**

I am a Motivated and detail-oriented Computer Engineering undergraduate with a strong interest in Python Development, Django Web Framework, and Data Science. I am seeking a Python/Django & Data Science Internship to apply programming skills, contribute to real-world projects, and gain hands-on experience in software development, data analysis, and AI-driven solutions.

---

### **Education**

#### **BE Computer**

NAST College / Pokhara University | 2021 – 2025

CGPA: 3.73 / 4.0

---

### **Technical Skills**

#### **Programming Languages:**

Python, Java, JavaScript, C#, C++

#### **Python & Data Science:**

Django, NumPy, Pandas, Data Analysis, Python OOP, File Handling and Exception Handling

#### **Backend Development:**

Spring Boot, Node.js, Express.js, REST API Development

#### **Frontend Development:**

Bootstrap, JavaScript, React

#### **Database Technologies:**

MySQL, MySQL Workbench, SQL Server

#### **Tools & Technologies:**

Git, GitHub, Postman, Eclipse, Visual Studio, VS-Code

---

### **Projects**

### **Grocery Delivery System (GDS)**

Technologies: Java, Spring Boot, Thyme-leaf, MySQL, MySQL Workbench, HTML, CSS, Bootstrap

- Developed a web-based grocery delivery system for managing products and orders.
- Implemented CRUD operations for product and order management.
- Integrated MySQL database for storing product and customer data.

### **Student Management System (SMS)**

Technologies: Java, Spring Boot, Thyme-leaf, MySQL, MySQL Workbench, HTML, CSS, Bootstrap

- Developed a web-based student management system for managing students.
- Implemented CRUD operations for student management.
- Integrated MySQL database for storing student data.

### **Tuition Center Management System (TCMS)**

Technologies: C#, SQL Server

- Developed a desktop application for managing student records, courses, and fees.
- Implemented database integration for efficient data management.

---

### **Strengths**

- Quick learner with strong analytical thinking
- Passionate about Python, AI, and Data Science
- Good problem-solving and debugging skills
- Strong communication and teamwork abilities
- Detail-oriented in coding and documentation

---

### **Interests**

- Python Development
- Django Web Applications
- Data Science & Machine Learning
- Artificial Intelligence
- Automation & Workflow Optimization

---

### **Soft Skills**

- Communication
  - Team Collaboration
  - Adaptability
  - Time Management
  - Analytical Thinking
-
